## Workshop objectives and programme

Training workshops on  
mainstreaming climate change

**MWH**

***BUILDING A BETTER WORLD***

# Seminar objectives (1)

- You are:
  - more aware of the benefits, and also the challenges, of mainstreaming climate change in your countries' national policies, strategies, programmes and projects
  - more motivated and better equipped to contribute to this mainstreaming process
  - more familiar with some of the tools available for effectively integrating climate change adaptation and mitigation in national development planning and budgeting

# Seminar objectives (2)

- In addition, you:
  - share your views, knowledge and experience with each other
  - provide insights and feedback to the donor community, via the sponsor of this event
- thus contributing in future to:
  - more aligned approaches to tackling climate change
  - more aligned priorities between partner countries and the donor community
